They gave me a preliminary oral report on webhelper4u.com on Friday which they will follow up with a written report this week.

Briefly, the person, Patrick Jordan, is located in Florida. The address in the WBOIS is a MailBox, Etc. location, but they have obtained his true home address. He may be a tech person working for Jackson Hewitt (the tax company). He is about 50 years old.

Once we get all the information together, perhaps a letter to his true home address showing that we know more about him will have some results.

As soon as I get the written report, I will share it with you.

Thanks,

-gary

Any word back from the security firm that we hired?

Best,
