Subject: AntiVirus and Spyware Meeting

All, lets all meet on Tuesday June Jun 21st at 12PM got discuss the growing number of Anti Spyware and Antivirus that we have to address on a daily bases.

The purpose is to prioritize and address our integration with 3rd party software such as NAV, AVG, Macafee, Spybot, Adaware, etc

Doug and Sathish, please prepare a list of all the Anti Spyware and Antivirus we are currently looking at and any other ones that we considered looking at.

I would like to shift this on a recurring base once a month meeting on Monday at 12 PM right after the Project Meetings.

This is very important and needs to be addressed and resolved.

Thanks

Raffi
