Josh,

The following VertiClick link will be bundling us tomorrow morning. Unfortunately it will not be ready until the morning, so I'm not sure if it is going to be useful to you... but I thought I would get it to you regardless.

<http://www.vaultscreensaver.com/>

Click on "download". You will go thru an install wizard, which will LINK to our EULA.

Please let me know if you need anything else... and/or if this is going to work for you.

Thanks  
Wendy
